Enjoy great benefits, save on accommodation in HI hostels worldwide and in Croatia. There are as well plenty of discounts not only related to accommodation.

CYHA is a member organisation and part of the Hostelling International network. All HI hostels, some 4,000 of them located in more than 80 countries, provide benefits for holders of a valid national youth hostel association card or a HI card.

If you are visiting Croatia and have not purchased a youth hostel card of your national youth hostel association, don’t worry. You can stay in our youth hostels but you will need to buy a hostel card at the hostel.

Here are important details about the type of cards you can purchase in our hostels and enjoy great benefits in Croatia and abroad.
Youth Hostel Cards

Hostelling International cards and guest/welcome stamps - if you are not a member you will have to pay a guest fee of 1,35 EUR per person per overnight. In return you will get a HI card and for each overnight and the guest fee you paid you will receive a so called welcome stamp. The welcome stamps are issued in all hostels. After you collect 6 welcome stamps (you stick them on the back of the given HI card) you have a valid youth hostel card and for each next stay in a youth hostel in Croatia or abroad you will enjoy discounts for members or you will not have to pay any guest fees. You can also buy at once the HI card with all 6 stamps.

Prices: 60,00 HRK for a completed HI card (or 10,00 HRK for each welcome stamp until you collect 6 of them)

National youth hostel cards - before starting your trip check your national association and become a member of your national association. Look for contact details of your national association on Hostelling International pages. You can also purchase our national hostel card in our hostels. There are several types of cards we offer you and which can provide you with access to great benefits both in Croatia and abroad.

Your Membership Card

If you want to stay in a German Youth Hostel, you have to be a member of the German Youth Hostel Association or any other national Youth Hostel Association. All you need is a membership card. What does that mean?

Members only

Our Youth Hostels are open to everyone, with no age limit: school classes, individuals and families, sports clubs or youth groups. But for German Youth Hostels, there is one restriction: “members only”. The German Youth Hostel Association is an organisation that is based on membership. To stay in a German Hostel, you need to be a member of a Youth Hostel Association.

Membership outside Germany

If you do not live in Germany, you can become a member of the Youth Hostel Association in your home country. To apply for membership, please contact the Youth Hostel Association in your country. You can find all the national Youth Hostel Associations in the world on hihostels.com under “Hostelling International” (www.hihostels.com).

DJH Membership

Germans and foreigners with a permanent residence in Germany can become members of the German Youth Hostel Association DJH. Regardless of when or how much you wish to travel: the membership fee is only due once a year.
- Junior (up to 26 years): € 7.00
- Families/27 plus: € 21.00 (from 2015: € 22.50)

The DJH membership card is the key to Hostels and budget accommodation in hostels across the globe. Your “ticket” is valid in more than 4,000 Youth Hostels in over 80 countries, spread out over all continents. In Germany alone, there are about 500 Youth Hostels.

**International Guest Card**

An international guest who does not hold a membership card can purchase an International Guest Card in place of membership. He is required to buy a Welcome Stamp for each night of his stay at the cost of € 3.50. When he or she has collected 6 Welcome Stamps, the Guest Card becomes valid in all Hostels worldwide or entitles the holder to reduced rates for his stay. Validity is 12 months from the date of issue.

Alternatively, a Guest Card with immediate international validity can be obtained at € 18.00.

**International Group Guest Card**

School classes require group membership in order to stay in a Youth Hostel. Your national Youth Hostel Association can inform you about the terms and conditions. An International Group Guest Card can be obtained in place of membership by groups that are not members of a national association. 5 Welcome Stamps at a price of € 3.50 have to be obtained per night of the stay. The Guest Card becomes valid in all Youth Hostels worldwide or entitles the group to reduced rates for its stay when 20 Welcome Stamps have been collected. Validity is 12 months from date of issue.

**Advantages of your Membership**

Membership in a national Youth Hostel Association is the prerequisite for your stay in German Youth Hostels and for that in hostels in most other countries. In countries where a membership is not mandatory, it entitles you to reduced rates.

Reduced prices are available for members of a Youth Hostel Association all over the world, and this is not limited to the Youth Hostels themselves: there are countless offers for travel, entertainment, museums, culture, shopping, and much more. Find a list of the reductions on [www.hihostels.com](http://www.hihostels.com).

The benefits of being a HI member (the HI Card owners)

Being a HI member offers you many benefits and discounts. The members are the only tourists that can accommodate in some hostels in Western Europe, having a discount of at least 10% at any HI hostel all around the world. Also, as a member you have access at the global HI hostels network, which offers the same accommodation standards in each country. HI hostels operate in more than 90 countries and is constantly preoccupied of increasing the comfort for their guests. As a HI member, you become part of a global community of tourists who think like you do and you get the opportunity of meeting people from different cultures. Other discounts can also be applied for different activities around the hostel area (museum discounts, transport etc).
How to become a HI member?

The easiest way is buying a membership card from the National Hostels Association before getting ahead in your trip (in our particular case, Youth Hostel Association Romania). The membership card is valid everywhere in the world in all HI hostels. If you are already travelling abroad your country or if in your country there isn't a National Hostel Association, you can buy your HI membership card from most hostels in the network. The prices can be different from hostel to hostel, so it would be better if you'd contact the hostel firstly and get information.

Do you have to be a HI member in order to get accommodation in a hostel?

In some countries the card is mandatory for the accommodation but in most of the hostels the card brings you automatically at least a discount.
